Effective: September 1, 2013
Currentness

(a) It is lawful to capture an image using an unmanned aircraft in this state:

(1) for purposes of professional or scholarly research and development by a person acting on behalf of an institution of higher education, as defined by Section 61.003, Education Code, including a person who:

(A) is a professor, employee, or student of the institution; or

(B) is under contract with or otherwise acting under the direction or on behalf of the institution;

(2) in airspace designated as a test site or range authorized by the Federal Aviation Administration for the purpose of integrating unmanned aircraft systems into the national airspace;

(3) as part of an operation, exercise, or mission of any branch of the United States military;

(4) if the image is captured by a satellite for the purposes of mapping;

(5) if the image is captured by or for an electric or natural gas utility:

(A) for operations and maintenance of utility facilities for the purpose of maintaining utility system reliability and integrity;

(B) for inspecting utility facilities to determine repair, maintenance, or replacement needs during and after construction of such facilities;

(C) for assessing vegetation growth for the purpose of maintaining clearances on utility easements; and

(D) for utility facility routing and siting for the purpose of providing utility service;

(6) with the consent of the individual who owns or lawfully occupies the real property captured in the image;

(7) pursuant to a valid search or arrest warrant;

(8) if the image is captured by a law enforcement authority or a person who is under contract with or otherwise acting under the direction or on behalf of a law enforcement authority:

(A) in immediate pursuit of a person law enforcement officers have reasonable suspicion or probable cause to suspect has committed an offense, not including misdemeanors or offenses punishable by a fine only;

(B) for the purpose of documenting a crime scene where an offense, not including misdemeanors or offenses punishable by a fine only, has been committed;

(C) for the purpose of investigating the scene of:

(i) a human fatality;

(ii) a motor vehicle accident causing death or serious bodily injury to a person; or

(iii) any motor vehicle accident on a state highway or federal interstate or highway;

(D) in connection with the search for a missing person;

(E) for the purpose of conducting a high-risk tactical operation that poses a threat to human life; or

(F) of private property that is generally open to the public where the property owner consents to law enforcement public safety responsibilities;

(9) if the image is captured by state or local law enforcement authorities, or a person who is under contract with or otherwise acting under the direction or on behalf of state authorities, for the purpose of:

(A) surveying the scene of a catastrophe or other damage to determine whether a state of emergency should be declared;

(B) preserving public safety, protecting property, or surveying damage or contamination during a lawfully declared state of emergency; or

(C) conducting routine air quality sampling and monitoring, as provided by state or local law;

(10) at the scene of a spill, or a suspected spill, of hazardous materials;

(11) for the purpose of fire suppression;

(12) for the purpose of rescuing a person whose life or well-being is in imminent danger;

(13) if the image is captured by a Texas licensed real estate broker in connection with the marketing, sale, or financing of real property, provided that no individual is identifiable in the image;

(14) of real property or a person on real property that is within 25 miles of the United States border;

(15) from a height no more than eight feet above ground level in a public place, if the image was captured without using any electronic, mechanical, or other means to amplify the image beyond normal human perception;

(16) of public real property or a person on that property;

(17) if the image is captured by the owner or operator of an oil, gas, water, or other pipeline for the purpose of inspecting, maintaining, or repairing pipelines or other related facilities, and is captured without the intent to conduct surveillance on an individual or real property located in this state;

(18) in connection with oil pipeline safety and rig protection; or

(19) in connection with port authority surveillance and security.

(b) This chapter does not apply to the manufacture, assembly, distribution, or sale of an unmanned aircraft.

V.T.C.A., Government Code § 423.006

§ 423.006. Civil Action

Effective: September 1, 2013
Currentness

(a) An owner or tenant of privately owned real property located in this state may bring against a person who, in violation of Section 423.003, captured an image of the property or the owner or tenant while on the property an action to:

(1) enjoin a violation or imminent violation of Section 423.003 or 423.004;

(2) recover a civil penalty of:

(A) \$5,000 for all images captured in a single episode in violation of Section 423.003; or

(B) \$10,000 for disclosure, display, distribution, or other use of any images captured in a single episode in violation of Section 423.004; or

(3) recover actual damages if the person who captured the image in violation of Section 423.003 discloses, displays, or distributes the image with malice.

(b) For purposes of recovering the civil penalty or actual damages under Subsection (a), all owners of a parcel of real property are considered to be a single owner and all tenants of a parcel of real property are considered to be a single tenant.

(c) In this section, "malice" has the meaning assigned by Section 41.001, Civil Practice and Remedies Code.

(d) In addition to any civil penalties authorized under this section, the court shall award court costs and reasonable attorney's fees to the prevailing party.

(e) Venue for an action under this section is governed by Chapter 15, Civil Practice and Remedies Code.

(f) An action brought under this section must be commenced within two years from the date the image was:

(1) captured in violation of Section 423.003; or

(2) initially disclosed, displayed, distributed, or otherwise used in violation of Section 423.004.

§ 423.008. Reporting by Law Enforcement Agency

Effective: September 1, 2013
Currentness

(a) Not earlier than January 1 and not later than January 15 of each odd-numbered year, each state law enforcement agency and each county or municipal law enforcement agency located in a county or municipality, as applicable, with a population greater than 150,000, that used or operated an unmanned aircraft during the preceding 24 months shall issue a written report to the governor, the lieutenant governor, and each member of the legislature and shall:

(1) retain the report for public viewing; and

(2) post the report on the law enforcement agency's publicly accessible website, if one exists.

(b) The report must include:

(1) the number of times an unmanned aircraft was used, organized by date, time, location, and the types of incidents and types of justification for the use;

(2) the number of criminal investigations aided by the use of an unmanned aircraft and a description of how the unmanned aircraft aided each investigation;

(3) the number of times an unmanned aircraft was used for a law enforcement operation other than a criminal investigation, the dates and locations of those operations, and a description of how the unmanned aircraft aided each operation;

(4) the type of information collected on an individual, residence, property, or area that was not the subject of a law enforcement operation and the frequency of the collection of this information; and

(5) the total cost of acquiring, maintaining, repairing, and operating or otherwise using each unmanned aircraft for the preceding 24 months.
